

# ATYADRI REHAKLINIK AND HOSPITAL

*optimizing Aftercare*

## ABOUT US

Atyadri RehaKlinik and Hospital a “transition care hospital” was started in September of 2021 to bridge the gap between hospital care and home care services.

Atyadri Rehaklinik and Hospital is India’s First Rehaklinik that exclusively deals with post hospital care of the patients after medical and surgical interventions.

We offer post hospital care after cancer surgery and chemotherapy, cardiac surgery, orthopaedic surgery, general surgery, fracture surgery, spine surgery and joint replacement surgery.

Additionally, we offer post hospital care after stroke and paralysis.

Furthermore, our all-inclusive packages, luxury amenities, trained staff, on call doctors ensure highest standards in aftercare management.

We offer one-stop solution to meet all the patient’s requirements in the crucial aftercare period, with all the amenities under one roof.

You can now shift the patient in Atyadri RehaKlinik from any hospital and there is no need to make arrangements at home for the patient in this aftercare period.

Our aim is to make this aftercare period stress free for the patient and the family.

Post Hospital Care services which are provided by Atyadri RehaKlinik and Hospital are now covered by insurance.

Dr. Atharv Prashant Moralwar is the Founder Director of Atyadri RehaKlinik and Hospital. An orthopaedic surgeon by profession, he has completed his fellowship training in India and Germany.

Dr. Atharv Moralwar specializes in orthopaedic trauma surgery and knee replacement.

Additionally, he also has 4 orthopaedic patents registered with the Indian Patent Office.

**DR. ATHARV P. MORALWAR**  
FOUNDER & DIRECTOR

With Atyadri RehaKlinik and Hospital, Dr. Atharv Moralwar aims to create an alternate back up system of healthcare delivery in India in order to reduce burden on the existing health infrastructure, reduce readmission rates, reduce infection, reduce healthcare cost, improve clinical outcome of the patient and ensure the patient's normal integration into personal and professional life.

Atyadri RehaKlinik unique hospital model of healthcare delivery ensures that highest quality post hospital care services are accessible to patients at affordable cost.

## **PROBLEMS FACED BY PATIENTS AT HOME**

Atyadri Rehaklinik and Hospital is carefully designed to cater to the needy dependent population - helping them to rejuvenate, recover and relive their lives to the fullest!

**INCONVENIENCE CAUSED AT MAKING ARRANGEMENTS AT HOME FOR PATIENTS.**

**AFFECTS PROFESSIONAL CAREERS OF WORKING MEMBERS OF THE FAMILY**

**DIFFICULTIES FACED IN WOUND DRESSING, NURSING CARE AT HOME.**

**DIFFICULTY IN FINDING NURSES, WARD BOYS, DOCTOR & PHYSIOTHERAPIST**

**DIFFICULT TO MONITOR HIGH-RISK PATIENTS AT HOME.**

**LACK OF PRIVACY/TRUST AROUND BUREAU STAFF**

**SMALL HOMES MAKE NURSING CARE / ISOLATION DIFFICULT**

**NUCLEAR FAMILIES MEAN LESS MANPOWER TO TAKE CARE OF THE NEAR & DEAR ONE**
